

The image is a screenshot of a Facebook post from the page 'Farm Equipment' (@farmequipment). The post is dated '13 febbraio alle ore 23:27'. The text of the post reads: 'Italian hay tool producer, [Repossi Macchine Agricole](#) introduces the RA-Rake double-wheel hay rake at the Italian Pavilion at [World Ag Expo](#). The double wheel design rakes and "sweeps" the field with forage raised by the front wheel producing a higher quality forage w/lower ash pollution and higher nutritional value. [#WAE19](#) [#ITAagtech](#)'. Below the text is a photograph of the RA-Rake machine, which has two large wheels with red and black tines. The post has one share and a comment section with the text 'Scrivi un commento...' and a 'Premi Invio per pubblicare.' prompt.
